FOR IMMEDIATE RELEASE

INDUSTRY EXPERT JOINS SSEC AS DIRECTOR OF PROCESS TECHNOLOGY

Horsham, PA (October 6, 2008) — To continue to meet and anticipate the processing needs of our customers, SSEC is pleased to announce the appointment of Laura Rothman Mauer as Director of Process Technology. Laura brings more than 35 years of industry experience to SSEC, with her 30 year tenure at IBM as Program Manager for the Strategic Packaging Program, Program Manager for Contamination Control and Technical Controller for the DRAM Development Alliance providing her with a wealth of knowledge and industry expertise.

In her new role, Mauer will work with all functional areas of the organization to ensure that processes and machines are delivering the intended results at the leading edge of processing requirements, and enabling customers to achieve high, profit-building yields with the flexibility to adapt to current conditions.

“As SSEC continues its growth as a leading supplier of single wafer wet processors to the semiconductor industry, Laura’s industry knowledge, coupled with her proven managerial program successes will mean our customers will see increased performance, improved process integration and adaptability.” said Rich Richardson, CEO of SSEC. “Laura will be an asset to our customers and our company as we continue to bring innovative and timely products to market.”

Solid State Equipment Corporation is a 43-year veteran manufacturer of single wafer wet cleaners and processors from its headquarters in suburban Philadelphia. SSEC maintains worldwide sales and technical service offices in Horsham, Pennsylvania; San Jose, California; Regensburg, Germany; Cramlington, England; Taiwan, R.O.C.; Shanghai, P.R.C; Woodlands, Singapore; Penang, Malasia; Gyeonggi, R.O.K; and Laguna, Philippines.
